Our Mission:

To empower all young people to reach their full potential.

* Past President

13th September 2019

Dear Members of Soroptimist International,

Thank you for this opportunity to ask for your help in providing a new home for our members and in securing the future of our Club.

Pertinent facts and figures:

- The building will be in use an average of 250 days a year.
- The Club will serve over 1200 children a year and provide help and support to over 700 women.
- By 2021 we will serve over 100,000 FREE meals a year to children in our community.
- There is no other after-school program on the South Shore that is open for as many days and hours as we are.
- The Club is a vital part of the South Shore economy, enabling many women to work full time and raise their standard of living.
- Our programs encourage academic achievement and good citizenship – we are creating the Soroptimists of the future.
- Due to rising steel and lumber costs our building will cost app. \$7 million; requiring us to raise an additional \$3 million to complete the project.
- The building will meet the highest standards for safety and environmental efficiency.
- We have built ongoing maintenance and utility costs into our design and business model – there will be no further requirements for the Soroptimists to maintain or care for the building.
- Room sponsorship will last the life of the building.

I truly believe that our building will be the perfect complement to your mission and values, and we are honored to be considered as the recipients of so many years of hard work and good governance by your organization.

Thank you again for this opportunity.

Yours faithfully,

Jude Wood, Executive Director and all Members of the Board.
